What's Textile Sourcing Meet (TSM)?

Vision

By 2030, Sowtex envisions becoming the linchpin of India's textile evolution, seamlessly integrating advanced digital technologies with traditional textile practices to transform India into a global textile powerhouse. Our goal is to drive efficiency, elevate global competitiveness, and foster sustainable growth by leveraging cutting-edge technology and forging strategic partnerships. We aspire to enhance India's position as a self-reliant textile leader, contributing significantly to the nation's vision of a \$250 billion textile industry and \$100 billion in global exports.

Mission

Our mission is to revolutionize the textile industry through a digital-first approach that eliminates inefficiencies, amplifies international connections, and fosters sustainable development. We are committed to driving innovation through BI and AI solutions, expanding global trade opportunities, and creating a robust ecosystem that supports India's textile goals. By advancing technology, promoting high-quality standards, and nurturing talent, Sowtex aims to bolster India's global textile leadership and support its ambition of a thriving, self-sufficient textile sector by 2030.

Textile Sourcing Meets are events designed to facilitate interaction between Home textile Buyers, Ready-Made Garments (RMG) Exporters, and Supply Chain Manufacturers. They bring together various stakeholders in the value chain on a common platform to partner and collaborate for fast-track delivery. These events are meticulously curated to showcase Verified Suppliers who are certified for their Sustainable Products and Materials.

Attendees have the opportunity to engage with these suppliers through Networking cum Sourcing shows organized by SOWTEX in joint association with various top fashion associations such as AEPC, BSL, BAA, BGMEA, BGBA, CITI, BGEA, GEMA, GEAR, NAEC, MATEXIL, ITF, TNFMA, DMA, FORHEX, OGTC and many more.

ReMaterial x E-Commerce Opportunity

Panipat, with its ₹30,000+ crore textile manufacturing base, is uniquely positioned to capitalize on the convergence of sustainable materials and digital commerce. The **ReMaterial X E-Commerce** initiative opens a transformative gateway for the state's mills, exporters, and entrepreneurs—connecting eco-conscious products with the rapidly expanding global Home textile e-commerce market, projected to reach **\$800 billion by 2025 and \$2 trillion by 2030**.

In today's landscape, sustainability is no longer optional—it's a strategic imperative. For Small and Medium Enterprises (SMEs) across the textile value chain, embracing sustainable practices is key to unlocking new markets, meeting buyer expectations, and staying competitive.

Global Fashion E-Commerce Outlook:

- \$800 Billion by 2025, \$2 Trillion by 2030
- Global merchandise: trade-India's Fashion E-Commerce Market Share 6.6%*
- \$70 Billion, growing at 12% annually.
