# What's Textile Sourcing Meet (TSM)?

## *Vision*

By 2030, Sowtex envisions becoming the linchpin of India's textile evolution, seamlessly integrating advanced digital technologies with traditional textile practices to transform India into a global textile powerhouse. Our goal is to drive efficiency, elevate global competitiveness, and foster sustainable growth by leveraging cutting-edge technology and forging strategic partnerships. We aspire to enhance India's position as a self-reliant textile leader, contributing significantly to the nation's vision of a \$250 billion textile industry and \$100 billion in global exports.

## *Mission*

Our mission is to revolutionize the textile industry through a digital-first approach that eliminates inefficiencies, amplifies international connections, and fosters sustainable development. We are committed to driving innovation through BI and AI solutions, expanding global trade opportunities, and creating a robust ecosystem that supports India's textile goals. By advancing technology, promoting high-quality standards, and nurturing talent, Sowtex aims to bolster India's global textile leadership and support its ambition of a thriving, self-sufficient textile sector by 2030.

**Textile Sourcing Meets** are events designed to facilitate interaction between Fashion Buyers, Ready-Made Garments (RMG) Exporters, and Supply Chain Manufacturers. They bring together various stakeholders in the value chain on a common platform to partner and collaborate for fast-track delivery. These events are meticulously curated to showcase Verified Suppliers who are certified for their Sustainable Products and Materials.

Attendees have the opportunity to engage with these suppliers through Networking cum Sourcing shows organized by SOWTEX in joint association with various top fashion associations such as AEPC, BSL, BAA, BGMEA, BGMA, CITI, BGEA, GEMA, GEAR, NAEC, MATEXIL, ITF, TNFMA, DMA, FORHEX, OGTC and many more.

# What's Special at TSM ?

## Sustainability & Circularity Fashion Fest

At TSM' 25 JAIPUR, We are humbled to expand the scope of Sustainability & Circularity in the Fashion lines. This special Curated Initiative Educates and adds values for all the stakeholders in Myriad ways by fast-track fashion e-commerce growth and ease supply chain bottlenecks for fashion buyers & manufacturers. We also Aim To Increase adoption of innovation and environmental friendly practices.

# ReMaterial x E-Commerce Opportunity

In the ever-evolving realm of e-commerce, sustainability has emerged as an indispensable concern for Small and Medium-sized Enterprises (SMEs) spanning diverse industries. Moreover, SMEs increasingly recognize the importance of integrating contemporary practices into their online operations. The summit will cover emerging brands, trends, and strategies in the e-commerce & Fashion industry, providing valuable strategic insights, solutions, technologies, and fostering meaningful connections with valuable knowledge to stay ahead in the ever-evolving digital landscape.

## 1. Global Cross-Border Fashion E-Commerce - Estimated Growth:

- USD 800 Billion by 2025.
- Up to USD 2 Trillion by 2030.
- Will be 6.6% of overall global merchandise trade.
- Buyers & Consumers switching to quick buying with responsible production

(Source - Google/Statista)

## 2. India's share in Fashion E-Commerce

- India's share in Fashion E-Commerce - \$70 Billions, Growing with 12% of the growth rate
- Exports segments is also poised to grow at an accelerated pace.
- India access to a large global market & domestic sales growing at 34% CAGR annually.
- Large requirements for trusted and responsible supply chain
